XEROX® W100 SCANNER

Big Features, Small Footprint, Smart Price

- Scan speeds up to 100 ppm / 200 ipm
- 50,000-page daily duty cycle
- 350-sheet automatic document feeder*
- Supports paper sizes up to A3/Tabloid
- Visioneer® OneTouch, Capture SE and Organizer AI applications
- On-Board Acuity Hardware Image Processing

*20 lb., 75-90 g/m² paper

COMPACT BY DESIGN, POWERFUL BY NATURE

For too long businesses have had to choose between capability and convenience. Large production scanners deliver the performance but take too much space and strain the budget.

Smaller, cheaper devices keep things tidy but fall short when the workload gets serious. The Xerox® W100 Scanner changes that equation entirely. Engineered from the ground up to deliver light production performance in a remarkably compact footprint, the Xerox® W100 Scanner brings together everything a modern office needs: versatility, connectivity, volume capacity, and intelligent software, all at a price point that makes sense for businesses of every size.

VERSATILE, CONNECTED, AND READY FOR BUSINESS

Whether you're scanning contracts, architectural drawings, medical records, or multi-page reports, the Xerox® W100 Scanner handles it all with ease. Native network connectivity means the whole office can share a single device, streamlining workflows and eliminating bottlenecks. Furthermore, support for a wide range of media types, sizes, and weights means there's no job too big and no document too demanding. Scan everything from delicate single-sheet documents to thick multi-page dossiers, from standard letter-size correspondence to full A3 technical drawings and spreadsheets, all with consistent, high-quality results every time.

BUILT TO HANDLE VOLUME

When the workload piles up, you need a scanner that keeps pace. Engineered for light production environments, the Xerox® W100 Scanner is ready for high daily volumes without skipping a beat. A robust, 350-sheet automatic document feeder handles large batches effortlessly, letting you load up and get on with other tasks while the scanner does the heavy lifting. Whether it's the morning post, end-of-month invoices, or a large archiving project, the W100 takes it in stride.

Yet speed and volume mean nothing if documents are damaged along the way. That's why the Xerox® W100 features a paper protection mechanism that safeguards every page from the moment it enters the feeder to the moment it exits.

POWERED BY THE VISIONEER® INTELLIGENT SOFTWARE PLATFORM

Great hardware is only half the story. Bundled with the Visioneer® Intelligent Software Platform, the Xerox® W100 Scanner becomes a complete document management solution straight out of the box, pairing powerful hardware with an equally capable software layer. Smart scanning technology automatically optimizes every scan, correcting skew, removing backgrounds, and enhancing contrast for clean, professional results. Built-in OCR converts scans into searchable, editable files in formats like PDF, Word, and Excel, making information instantly accessible and cutting down on manual data entry.

Automated workflows push efficiency further: define custom routing rules to send files directly to a network folder, email, cloud storage, or business application with a single press of a button, eliminating repetitive steps and reducing errors.

Easy to set up, simple to use, and endlessly customizable, the platform grows with your business, whether you're a small office needing straightforward scanning or a larger organization with complex document demands.

xerox™

Xerox® W100 Specifications

SCANNER SPECIFICATIONS		
Model number / PN	XW100-U	100N04341
Scan speed	100 ppm / 200 ipm @ 300 dpi	
Scan method	Automatic Document Feeder (ADF)	
Double-feed detection	Ultrasonic double-feed detection	
Automatic duplex	Yes	
Image sensor	Dual CIS (front & back)	
Light source	LED	
Optical resolution	600 dpi	
Output Resolution	1,200 dpi	
Output Bit Depth	24-bit color, 8-bit grayscale, 1-bit B&W	
Connectivity	USB 3.2 Gen1x1, Ethernet 10/100/1000	
Display	1.8" LCD display	
Supported Operating Systems	Windows® 11, 10, 7	
Supported Drivers	TWAIN, ISIS, WIA, SANE	
Supported File Formats	BMP, PNG, GIF, JPEG, Single-Page PDF, Multi-Page PDF, Multi-page TIFF, TIFF, RTF, TXT, XPS, DOC, XLS, PPT, DOCX, XLSX, PPTX, HTML	
Maximum Daily Duty Cycle	50,000	

SCANNER DIMENSIONS AND WEIGHT	
Trays collapsed (W x D x H)	18.11" x 12.2" x 7.8" (460 x 310 x 198 mm)
Trays expanded (W x D x H)	18.11" x 26.8" x 7.8" (460 x 680 x 198 mm)
Weight	26.4 lb. (12 kg)

DOCUMENT HANDLING	
Background Color	Gray
ADF Capacity	350 sheets
Scanning Media Supported	Paper, plastic ID cards, photos
Supported ADF paper thickness (straight path)	40 ~ 413 g/m² (10.6 – 110 lb.)
Supported ADF paper thickness (u-turn path)	40 ~ 210 g/m² (10.6 – 56 lb.)
ADF Maximum Document size	12.13" x 240" (308 x 6,096 mm)
ADF Minimum Document size	1.96" x 2.6" (50 x 65 mm)
Maximum card thickness	Up to 0.056" (1.44 mm)

Bundled Software

Software for Windows

Visioneer® OneTouch, Visioneer Capture SE, Visioneer Organizer AI, Visioneer Acuity, ABBYY® FineReader PDF Pro

Software for Android™ and iOS®

Visioneer Mobile Capture (Android & iOS/ iPadOS)

VISIONEER INTELLIGENT SOFTWARE PLATFORM FOR WINDOWS

OneTouch

An easy-to-use scanner workflow application that performs all steps in a complex scanning operation at the touch of a button.

Acuity

Enables you to improve the visual clarity of scans. Acuity uses over 25 advanced algorithms to intelligently correct documents.

Capture SE

Flexible, powerful batch scanning solution that can split scans into separate files, create indexes, read barcodes and extract data.

DriverPLUS

Provides an impressive array of settings to enable precise scan customization with a simple-to-use interface and helpful tool tips.

Organizer AI

Manages your files with fast search, conversion, file analysis and cleanup, tagging, PDF editor and automated file classification.

BOX CONTENTS

- Xerox W100 Scanner
- Power supply and adapter
- USB cable
- Network cable
- Quick Install guide
- Warranty and Registration cards
