## How to Adjust the Power Save Settings for the DocuMate 152

1. Right-click on the One Touch icon and choose **Show Hardware** from the pop-up menu.

You can also click the scanner icon at the top of the One Touch Button Panel.

If the Hardware View of the panel is open you can also rightclick on the DM152 icon.

The Hardware Properties dialog box opens and shows information about your Xerox DocuMate 152 scanner.

20,000 page	s. The documentation and h	nelp system shows you how.
Control	is. The documentation and h	15 Min
Control Enable pow	er save mode	15 Min

Your scanner has a built-in power saving feature that is set to power down after 15 minutes of idle time. You can change the time before the scanner powers down, from 1 minute to a maximum of 4 hours.

3. Click the arrows for the Lamp timeout setting and choose a time setting.

To turn the lamp on and off manually without turning off power to the scanner, click the **Lamp On** or **Lamp Off** buttons.

To return the scanner to its factory settings, click **Reset Device**.

4. Click **OK** to save the changes and close the dialog box.
