The New Xerox DocuMate 3125 Scanner

Manages data more efficiently, even in the cloud.

Guildford, UK, 18th November 2011 – Visioneer and Xerox have today announced the Xerox DocuMate® 3125, a new compact, sheet-fed document scanner that quickly converts paper documents, plastic cards and forms into searchable digital files that can be securely saved to a computer or in the cloud. By scanning images directly to the cloud, users can easily collaborate and share files while working in multiple locations.

The Xerox DocuMate 3125 scans to up to 25 pages per minute (ppm) and 44 images per minute (ipm) in duplex mode and includes a 50-page automatic document feeder (ADF) that accepts various-sized items from business cards to A4 documents. Double Feed Detection (DFD) technology increases confidence while scanning by notifying the user if more than one page is scanned at a time. DFD prevents the unexpected dropped pages due to forgotten staples or adhesives. The Xerox DocuMate 3125 has an exceptionally small footprint, even with the ADF, and output paper trays that can be folded closed when not in use. Visioneer OneTouch®, a software utility, is included to make scanning from the unit's front panel easy and flexible with the touch of a button.

Instant Cloud Storage

Visioneer CONNECT is a set of links for Visioneer OneTouch that enables the user to scan and automatically upload paper documents to popular cloud destinations with the touch of a button. The following OneTouch cloud links are certified and available for free download: Google Docs™, Evernote®, FilesAnywhere™, OfficeDrop and DropBox.

Intuitive Productivity Software

The DocuMate 3125 includes bundled software that improves information accessibility, management and collaboration by:

- Protecting sensitive information such as contracts & pricing, agreements and human resources employee files.
- Streamlining expense report and receipt submissions.
- Increasing security and control of paper document and ID card capture

The software bundle includes Visioneer Acuity to provide advanced image enhancement. Visioneer DriverPLUS to enable sophisticated integration with your operating system and applications with advanced options for consumer and enterprise customers. Certified TWAIN, ISIS and WIA drivers enable communication with hundreds of enterprise content management (ECM) and document image management (DIM) software solutions. Also included are Nuance PaperPort® and OmniPage® Pro OCR.

The Xerox® DocuMate 3125 has a UK list price of £392 (exc. VAT) and is available immediately across Europe – for a complete list of resellers please visit: http://www.xeroxscanners.com/en/uk/WhereToBuy.asp.
