

Announcing the new Xerox DocuMate 4760

Affordable A3 Sheetfed scanner which handles plastic cards, documents, long forms and more

Guildford, UK, 22nd March 2012 – Visioneer® and Xerox® have today announced the Xerox DocuMate 4760, a high quality production sheetfed scanner that scans documents at 60 ppm (simplex) and 120 ipm (duplex), and includes a 150-page capacity Automatic Document Feeder (ADF). The new affordable scanner has the ability to scan a wide range of mixed document sizes (up to A3) and supports long document scanning up to 965 mm.

“The DocuMate 4760 is an ideal back office production scanner in a paper intensive environment, especially one where document sizes may regularly exceed A4 and vary to the other extreme of business cards or plastic ID cards,” said Peter Trapmore, EMEA Sales Director at Visioneer.

“Combining exceptional drivers and reliable hardware with Kofax VRS software ensures that scan jobs work well on the first pass; that they don’t require user intervention and they enable maximum productivity.”

Ultrasonic Double Feed Detection (UDFD) is built into the DocuMate 4760 so a page will never be skipped due to a misfeed or a stapled document going through the scanner. The DocuMate 4760 offers a professional software package, together with advanced TWAIN and ISIS drivers, to enable communication with advanced electronic content management (ECM) software applications such as Xerox DocuSharre and Micro SharePoint.

Visioneer OneTouch technology connects the scanner with tools that greatly improve the efficiency of your workflow. Allowing your documents to be scanned with the correct settings for resolution, colour, cropping, file format and then delivered to virtually any application, folder, device or the cloud, all at the touch of a button. Bundled software includes Nuance OmniPage Pro, Visioneer OneTouch with Kofax VRS technology, and TWAIN, certified ISIS, WIA and Visioneer DriverPLUS drivers.

The Xerox® DocuMate 4760 is priced at £2729 (exc. VAT) for the VRS Basic version and £3108 (exc. VAT) for the VRS Professional version. It is available immediately, for details of resellers please visit: <http://www.xeroxscanners.com/en/uk/WhereToBuy.asp>.
