You can also click the scanner icon at the top of the One Touch Button Panel.

If the Hardware View of the panel is open you can also rightclick on the DM 520 icon.

The Hardware Properties dialog box opens and shows information about your Xerox DocuMate 520 scanner.

Enable pow	er save mode	15 Min 🗘
Lamp On	Lamp Off	Reset Device
	OK	Cancel Apply

Your scanner has a built-in power saving feature that is set to power down after 15 minutes of idle time. You can change the time before the scanner powers down, from 1 minute to a maximum of 3 hours.

3. Click the arrows for the Lamp timeout setting and choose a time setting.

To return the scanner to its factory settings, click **Reset Device**.

4. Click **OK** to save the changes and close the dialog box.
