

Integrated secure passport scanner for identity verification.

Features:

- Direct integration with Xerox® DocuMate® 6400 series scanners
- 2-page passport scan under 2 seconds, 300 dpi colour
- Scan to custom destinations with Visioneer OneTouch buttons
- Saves desk space, no extra power supply needed
- Visioneer DriverPLUS provides “one scanner” PC interface

Easily connect USB and Power direct into the scanner using 2 short cords.

THE IDENTITY MANAGEMENT SCANNER CHALLENGE

For offices serving the public – government, financial services, travel, healthcare – confirming and documenting the identity of the individual is becoming more important than ever. Departmental scanners do a great job with incoming paper forms, but handling passports or other small delicate identity documents create a scanner headache. Adding a flatbed scanner takes extra space and expense and can't handle a heavy paper document workload.

AN ALL-IN-ONE PASSPORT SOLUTION

The Xerox® Passport Scanner Accessory adds simple, one-touch passport scanning to any DocuMate 6400 series departmental scanner, delivering the most cost-effective, high-performance integrated solution on the market. The passport accessory sits underneath the desktop scanner, sharing its power supply and AC power. The Passport Scanner Accessory can handle documents up to 7.5 x 5 inches, capturing 2 passport pages at once as well as ID cards, photos, and special documents.

SECURE AND TIME-SAVING

With an all-in-one document and passport scanning solution, your client's passport is scanned while they watch – no need to walk away to a shared scanner or MFP. The entire transaction, from paper to passport, can be handled in one session, saving transaction time and improving customer satisfaction. Since the Passport Scanner Accessory uses a direct USB PC connection, the scanned image's “chain of custody” is secure, an important requirement in many institutions where cloud capture is a regulatory risk.

ONE TOUCH INTELLIGENCE

The Passport Scanner Accessory includes Visioneer's OneTouch with Acuity software. Passport scanning is done with the push of one of three buttons on the convenient passport control panel. Acuity's image enhancements ensure a high-quality image – important for passport image quality. OneTouch allows users to configure multi-step workflows to get the scan to its destination with the right scan setting and file format. What's more, Visioneer's proprietary DriverPLUS (TWAIN or WIA) treats the 6400 series scanner and the passport accessory as one scanner and offers extreme flexibility in scan settings through a simple user interface. No more arcane Windows driver screens.

Xerox® Passport Scanner Accessory Specifications

VISIONEER INTELLIGENT SOFTWARE PLATFORM FOR WINDOWS

OneTouch

An easy-to-use scanner workflow application that performs all steps in a complex scanning operation at the touch of a button.

Acuity

Enables you to improve the visual clarity of scans. Acuity uses over 25 advanced algorithms to intelligently correct documents.

Capture SE

Flexible, powerful batch scanning solution that can split scans into separate files, create indexes, read barcodes and extract data.

DriverPLUS

Provides an impressive array of settings to enable precise scan customization with a simple-to-use interface and helpful tool tips.

Organizer AI

Manages your files with fast search, conversion, file analysis and cleanup, tagging, PDF editor and automated file classification.

ADDITIONAL SOFTWARE

ABBYY® Software: ABBYY FineReader OCR Software

Scanner Drivers for Windows: TWAIN, WIA

Passport Accessory Specifications

Model Number	X-Passport
Scan Speed (Colour, Black & White, Grayscale @ 200 or 300dpi)	1.2 seconds per page
Document feeding mode	Flatbed
Optical Resolution	600 dpi
File Formats	BMP, PNG, GIF, JPEG, Single-Page PDF, Multi-Page PDF, Multi-TIFF, TIFF, RTF, TXT, OCR, XLS, DOC/DOCX
Supported Resolution with Visioneer Acuity	75, 100, 150, 200, 300, 400, 500, 600, 1200 dpi
Output Bit Depth	48-bit colour (internal), 24-bit (external)
	16-bit grayscale (internal), 8-bit (external)
Interface	USB 3.0
Maximum Scan Area	190 x 126mm (7.5" x 5")
OS Support	Windows 10 / 8 / 7
Dimensions without scanner (WxDxH)	320 x 278 x 112 mm (12.6" x 11" x 4.4")
Dimensions with scanner / trays collapsed (WxDxH)	320 x 278 x 238 mm (12.6" x 11" x 9.4")
Dimensions with scanner / trays extended (WxDxH)	320 x 680 x 308 mm (12.6" x 26.8" x 12.1")
Duty Cycle	Up to 1,500 pages per day
Weight	1.7 kg (3.6 lbs)

Box Contents: Xerox® Passport Scanner Accessory, USB 2.0, 3.0 and power bridge cables, USB 3.0 cable, Attachment hardware, Quick Installation Guide, Technical Support Card, DVD-ROM with user's manual software & drivers.
