Got Two-Sided Scanning? Xerox Introduces Affordable, One-Pound Scanner with Duplex Features for Mobile Users

$119.99 retail price includes broad productivity software bundle

PLEASANTON, Calif., April 4, 2016 — Bringing increased convenience and efficiency to mobile users, Xerox is introducing its first portable scanner capable of scanning two-sided documents in a single pass.

The new Xerox Duplex Travel Scanner, designed for use with Windows® and Mac® OS computers, allows continuous feeding of pages up to 8.5x14 inches for creating multi-page files of one and two-sided documents.

Featuring USB power for portable use with laptops and desktop PCs, the lightweight Duplex Travel Scanner, just over one pound, is bundled with a comprehensive software suite for creating, organizing and sharing searchable PDF documents, rendering image files in a variety of formats from photographs or other graphical printed material, and enhancing the scans of tattered originals to produce remarkably clear and clean images. Maximum optical scan resolution is 600dpi. Color output depth is 24 bits.

“The Xerox Duplex Travel Scanner leads the highly successful Travel Scanner series with ease of use, upgraded features and a sleeker, sturdier design,” said Walt Thinfen, president and CEO at Visioneer, which makes and markets Xerox DocuMate® Scanners. “With the inclusion of our popular software package, we’ve eliminated extra steps in scanning and the possibility of having to rescan. The Duplex Travel Scanner delivers high-quality scans, while also allowing users to organize and share their documents from virtually anywhere.”

Designed for work in an office, home or mobile environment, the Xerox® Duplex Travel Scanner accepts originals as small as 1.5 inches (38mm) wide. Maximum page width is 8.5 inches (216mm) and maximum page length is 32 inches (813mm).

To facilitate fast setup for first-time use, the Xerox Duplex Travel Scanner is packaged with a Quick Install Guide. Its Windows productivity software bundle includes Visioneer OneTouch, Visioneer DriverPLUS, Visioneer Acuity, Nuance® PaperPort®, Nuance OmniPage® Pro, and Nuance PDF Converter. For Mac computers, software features include Mac TWAIN, incorporating many features of Visioneer Acuity, and Visioneer Scan Utility. Details on software features, as well as scanner specifications, are available at www.xeroxscanners.com.

The Xerox Duplex Travel Scanner is immediately available for purchase at www.xeroxscanners.com, online retailers or an authorized reseller/dealer throughout North America, South America, Europe, Middle East and Africa. Model Number XTS-D and Xerox Part Number 100N03205.

In addition to a software DVD, Quick Install Guide and USB cable, in-package accessories include a cloth carry bag, carrier sheet (for scanning fragile originals), calibration sheet, cleaning cloth and technical support card.

About Xerox
Xerox is helping change the way the world works. By applying our expertise in imaging, business process, analytics, automation and user-centric insights, we engineer the flow of work to provide greater productivity, efficiency and personalization. We conduct business in 180 countries, and our more than 140,000 employees create meaningful innovations and provide business process services, printing equipment, software and solutions that make a real difference for our clients – and their customers. On January 29, 2016, Xerox announced that it plans to separate into two independent, publicly-traded companies: a business processing outsourcing company and a document technology company. Xerox expects to complete the separation by year-end 2016. Learn more at www.xerox.com.

About Visioneer
Visioneer, Inc., a leader in scanner and document management solutions, offers a broad range of digital imaging hardware products for the desktop, distributed and departmental markets as well as the mobile and remote business scanning segments. In 2003, Visioneer combined its leading scanner technology with the Xerox brand recognition to develop the Xerox® DocuMate® product line. Visioneer and Xerox DocuMate high-performance business scanners and imaging software solutions offer users speed, image quality, advanced paper handling and ease-of-use with exclusive Visioneer OneTouch® technology.
