High Volume Imaging Product of the year DM Awards 2016

Editorial Type: Awards Date: 01-2017

WINNER: Xerox - DocuMate 4799 with Dokmee Capture

RUNNER UP: Fujitsu - fi-6400

A recent customer installation in a well-known asset management company, managing 250 billion euros in assets per year, saw their document management costs reduced by over 30 percent per annum after the implementation and integration of the DocuMate 4799 when coupled with DokMee Capture integration which comes bundled with the scanner.

The Xerox DocuMate 4799 is the flagship product of the Xerox Scanners product range. Its versatility, high speed and superior reliability make it a popular scanner choice for demanding environments. Designed for document capture and workflow it's everything you ever wanted in a high-speed document scanner: productivity, reliability and innovation.
